2010 CMI Commercial Investment Company's Mission Statement:

"We can fund your project. We will fund your project. We funded your project!" Albert Einstein once said, "In the middle of difficulty lies opportunity". If that statement could ever be proven, it is now, and CMI is proving it. CMI's mission statement changed from a sales promotion of loan programs to announcing funding success in the current lending climate. The banks aren't lending, many hedge funds have closed their doors, and large prestigious investment banks are no longer in business. If there was ever a time to test the difficult financial waters, it is now. CMI is confirming, in spite of the difficult waters...we are funding projects.
